Certificate of Analysis Nø24006/01

Page 1 of 1

Test object: Benzin (Bleifrei 95)

Date of receipt: 2024-01-03

Container: 1 glass jar

Order from: 2024-01-03

Specification: SN EN 228:2012+A1:2017
Gasoline "unleaded 98" class D/D1

Property	Unit	Result	Limits		TestMethod
			Low	High	
Heat of Combustion Calorimeter					ASTM D4809
Gross Heat of Combustion	MI/kg	44,98			

Remark:

Because the sample is a pump station gasoline, the expected sulphur and nitrogen content is so low, that a correction in accordance with ASTM D4809 was not made.
